February 24, 2013

I am not sure what form(s) need to filled out but I wanted to object to the rate hike that Global Water in proposing for Maricopa, Arizona in Pinal County. We already pay more for water/sewer than those that live in the Valley. For those that live on a budget this could prove to catastrophic. Because of the economy people are still struggling and something like this could prove to be the final straw. Global Water has already implemented one rate hike in the 3 plus years I have lived in Maricopa and I don't feel another one is fair to consumers. I don't think the first one was fair either but that cannot be changed at this point. So I really object to another rate hike.

Sincerely,

Larena Hubble
